

Connecting YOUTH with their FUTURES...

With a primary focus on at-risk youth, **Bricks-n-Books Project, US Virgin Islands** is an alternative secondary job-readiness training program that leverages the resources that already exists within local communities to serve the special needs of its youth.

Although our programs can be deployed and operated by **Bricks-n-Books Project** itself, we believe the best results will come from partnering with organizations most familiar with the unique characteristics and culture of the people who know them best.

OUR PROGRAMS / THEIR POTENTIAL

OUR PROGRAMS are designed to increase student achievement by:

- Being student centric
- Empowering the students with access
- Having a clear academic and occupation skills focus
- Providing articulation within integrated curricula
- Being technology and industry-demand driven
- Intense staff development
- Successful collaborations.

OUR PROGRAMS address the needs & interests of youth from every socio-economic background

After-school Programs

- Tutoring & Supplemental Education
- Youth Summer Programs

Alternative Secondary Education

- GED (general education development)
- Soft-skills and Life-skills
- Job-readiness Training
